How can I shorten the dry time for DANIEL SMITH Water Soluble Oil Colors?

Oil Colors (DISCONTINUED) · https://danielsmith.com/kb/how-can-i-shorten-the-dry-time-for-daniel-smith-water-soluble-oil-colors/

In general, water soluble oil colors will dry slightly slower than regular oil colors. Here are a few tips to help speed up the drying process:

- Place the artwork in a warm area with plenty of air circulation to dry
- Blend a little DANIEL SMITH Water Soluble Fast Drying Painting Medium into your colors before painting
- Blend a little water into your colors before painting (yields more of a matte finish)
