

DANIEL SMITH

Manufacturer of the World's Finest Artists' Paints

MADE IN THE USA SINCE 1976

Artwork by Ashley Hawkes

Meet the Owner of DANIEL SMITH

John Cogley

John Cogley, the owner of **DANIEL SMITH** Artists' Materials, joined the company in the Information Technology Department in 1988.

With almost three decades of leading the company as President, CEO and Owner, John has been the driving force behind making **DANIEL SMITH** Watercolors and other products recognized as the world's best.

Because of John's commitment to innovation and in manufacturing the highest quality paints and other products, artists worldwide can rely on the performance and continuity of **DANIEL SMITH** products year after year.

DANIEL SMITH is the Innovative Manufacturer of Beautiful Watercolors and Gouache for Artists Worldwide.

From being the first manufacturer to make the high-performance Quinacridone pigments into artists' paints, to the development of the exciting PrimaTek and Luminescent Watercolors and Gouache, Watercolor

Grounds, Watercolor Sticks and inspiring Hand Poured Half Pan sets **DANIEL SMITH** has been the leader in developing creative tools for Artists.

Making beautiful, innovative, and high quality artists paints, which perform consistently from tube to tube, year after year, makes **DANIEL SMITH** products the choice for artists worldwide.

DANIEL SMITH

Thank You for 50 Wonderful Years!

Celebrating Our Shared Journey in the Art Community

Dear Retail and Distribution Partners,

As we celebrate our 50th anniversary, I want to take a moment to express my deepest gratitude for the relationships that have made this milestone possible. Five decades ago, our founder, Dan Smith, began with a simple but powerful vision: to create superior artist materials at a reasonable price. That commitment to quality and integrity became the foundation of our company and remains the cornerstone of everything we do today.

Over the years, our journey has evolved from local manufacturing and retail to a global network of partnerships that connect artists everywhere with the materials they trust. Through your dedication and support, DANIEL SMITH products now reach creative communities in every corner of the world. You have helped us fulfill our mission—to inspire and empower artists by providing exceptional materials that bring their visions to life.

Our shared success is built on collaboration. Your expertise, enthusiasm, and commitment to representing our brand have allowed us to grow far beyond what we could have imagined. Whether through product education, artist events, or simply helping a customer choose their first tube of watercolor, your efforts make a lasting impact.

As we look ahead, we remain steadfast in our commitment to innovation, consistency, and partnership. We are proud to continue producing our artist materials in Seattle, Washington, and to work closely with you to deliver the same quality and authenticity that have defined DANIEL SMITH for 50 years.

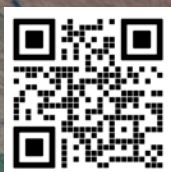

Thank you for being an essential part of our story. Your trust, professionalism, and shared passion for the arts are deeply valued. Together, we will continue to serve artists worldwide and carry forward the creative spirit that has guided us since the beginning.

With sincere appreciation and warm regards,

A handwritten signature in black ink that reads 'John Cogley'.

John Cogley

DANIEL SMITH
Luminescent™ Watercolors

Capture Shimmer, Shine, and Light

DANIEL SMITH Luminescent Watercolors are specialty colors with optical effects, found in nature, that regular colors cannot replicate. These colors have an iridescent sheen, shimmer, sparkle or color shift often seen in birds' feathers, insects, fish, flowers, metals and water. The luminous quality of these special watercolors give artists a wider range of color options.

DANIEL SMITH

PrimaTek™ Watercolors

Paint with Earth's
Natural Texture

Paintings

Ground
Yourself
in Nature

Scan for more info

DANIEL SMITH created the PrimaTek line of paints made from minerals, some semi-precious, beginning in 1998 with a cache of Lapis Lazuli. **DANIEL SMITH** has a mineralogist who sources minerals which **DANIEL SMITH** processes into pigment, then mills it into watercolor. PrimaTeks express themselves with gorgeous granulation giving a sense of movement and depth that some artists have described as “magical”.

DANIEL SMITH EXTRA FINE™ GOUACHE

DANIEL SMITH Extra Fine™ GOUACHE is a professional artist grade water media that produces an opaque matte finish. Made with the same high-quality pigments and gum arabic as **DANIEL SMITH Extra Fine™ Watercolors**, **DANIEL SMITH Extra Fine™ GOUACHE** is uniquely formulated with higher pigment loads to achieve density and opacity without adding whites or other fillers.

Whether your painting style is abstract, representational, illustrative or figurative, you'll enjoy the creative versatility of **GOUACHE**. Apply it as mass tone straight from the tube to get rich, full-bodied solids with single brush strokes. Temper colors smoothly with water to create softer lines and hazy layers. Mix and blend new shades to customize your palette. You can even scrape into it or build up light texture with mark-making tools.

Use **DANIEL SMITH Extra Fine™ GOUACHE** alone or to accent your watercolor paintings with velvety shadows or bold pops of color. Try it with a wider variety of brushes on either light or dark surfaces – explore a whole new world of artistic expression!

Scan for more info

- **74 richly saturated colors**
- **Exceptional lightfastness and pure, natural opacity**
- **Full range of staining and lifting qualities**
- **Rewets, dilutes and cleans up easily with water**
- **Available in 15ml tubes; add colors to empty half-pans for portability**

Watercolor Ground

- Paint on almost any surface
- Make any surface archival
- Correct mistakes

creative ideas!

You can paint our Watercolor Grounds onto metal, wood, plastic, glass, stone, fabric and more, then paint over with watercolor!

The **DANIEL SMITH** Watercolor Grounds create a soft, absorbent, watercolor friendly surface with a slightly cottony texture that is similar to cold press paper.

With this breakthrough ground, artists can paint with their watercolors onto nearly any 2 and 3-dimensional surface!

DANIEL SMITH

Acrylic Gesso

DANIEL SMITH Acrylic Gesso

Our gesso is the best in the world. All are archival, have excellent lightfast ratings, and are made with a high-grade acrylic emulsion that provides optimal flexibility and durability. Cleans up with soap and water. Use our gesso as the perfect base for your oil, alkyd, acrylic, or gouache artwork.

Scan for more info

Iridescent Gold Gesso

Its opaque, lustrous, metallic sheen comes from mica and iron oxides. Hints of radiant gold peek through your brushstrokes for a vibrant, luminous glow.

- 16 oz (Pint) | SKU 284040003

Titanium White Gesso

Thick and heavily pigmented for excellent opaque coverage.

- 16 oz (Pint) | SKU 284040015
- 32 oz (Quart) | SKU 284060006

Transparent Gesso

Let the pattern of your substrate shine through. Highlight the grain of wood panels or the textures of canvas and other surfaces through your artwork.

- 4 oz | SKU 284060016
