Can I revive watercolor paint that has dried inside the tube? ▶

Extra Fine™ Watercolor · https://danielsmith.com/zh_tw/docs/can-i-revive-watercolor-paint-that-has-dried-inside-the-tube/

Dried paint inside the tube can be reactivated with water because each pigment particle is encapsulated in gum arabic. Try adding some water back into the tube a little at a time until you have the desired consistency. Alternatively, you can cut the tube away from the dried paint and use it as you would use a half pan.
